

# Thanks for the support to change SSH research!

We are a **team led by** a humanist (**Mikko Tolonen**) and a scientist (**Leo Lahti**) and **supported by number of people** (Jani Marjanen, Eetu Mäkelä, Hege Roivainen, Ville Vaara, Maija Paavolainen..) and **institutions** (University of Helsinki, National Library of Finland, University of Turku, OKF..).

Our **mission** is to accelerate the open science transformation in the humanities and social science through concrete research initiatives.
