

Open Science Days 25.11.2019

Kristjana Adalgeirsdóttir

Project Coordinator

Humanitarian Logistics and Supply Chain Research Institute

Hanken School of Economics

Agenda

- » The HUMLOG Institute
- » Research in Humanitarian Logistics
- » Current and past research projects
- » Cooperation with NGOs

- » Joint research and competence centre of Hanken and the Finnish National Defence University
 - » Founded in 2008
 - » Works as a hub for humanitarian logistics researchers globally
- » Board
 - » Chairperson from the National Defence University
 - » Representatives of humanitarian organisations (currently FRC & c)
- » Alliances
 - » Steady, and project alliances
 - » Research institutions (e.g. MIT)
and with humanitarian organisations (e.g. FAO, UNHCR)

Our main activities are:

- » Research, ranging from individual research projects, doctoral dissertation to consortium projects with partners;
- » Education, through Master's and PhD program;
- » Customized trainings in partnership with practitioners (UNHCR and others)
- » Communication, dissemination and exchange of knowledge, via events and seminars, our Blog and academic publications, Journal of Humanitarian Logistics and Supply Chain Management.

The HUMLOG Institute

HUMANITARIAN LOGISTICS AND SUPPLY CHAIN RESEARCH INSTITUTE

HUMLOG

Research Project 2008-2019

HUMLOG

Research project	Focus	Funding	Time frame	Scope	Further participants

Resilience in Disaster Relief and Development SCs	Climate change, urbanisation, security	AoF	2011-2015	East Africa	MIT, Clark University, CSIR... RC/RC Climate Centre, IFRC and FAO East Africa
Relief SCM	Co-opetition, emergency health care	AoF	2008-2012	NA	-
Food Security and Development	Food security, SRH, supply chain co-ordination, LRRD	MFA	2009-2011	Nepal	Finnish Family Federation, Tribhuvan University

Research cooperation a.o.

Punainen Risti
Röda Korset

- » Research with Relevance
- » Close cooperation in developing research questions and outputs

A key aspect in every project is to help supply chains become better prepared for the next emergency

Challenges

- » Time
- » Resources
- » Continuity
