Does my code have the same weird behaviour on your computer?

John\_Doeuf 10/15/2023 3:28 PM  
I'll check

@John\_Doeuf Hello @Radu I just watched your last video about the world editor, I c

your polygon.js has a condition mismatch in constructor.

```
constructor(points) {  
  this.points = points;  
  this.segments = [];  
  -   for (let i = 1; i < points.length; i++) {  
  +   for (let i = 1; i <= points.length; i++) {  
      this.segments.push(  
        new Segment(points[i - 1], points[i % points.length])  
      );  
    }  
  }  
}
```
